

QUALITY POLICY

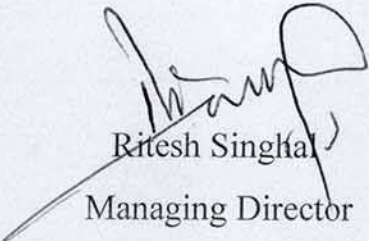

“AGROMET ASIA PRIVATE LIMITED is fully committed to offer high quality products to our global customers in the market of Brass Ingot, Gravity Die Casting and Zinc Oxide. We assure quality, on time delivery, reliability and cost effectiveness to meet our customer expectations.

To achieve quality standards and enhance customer satisfaction, the company has established an effective Quality Management System in line with ISO 9001, further assuring its sustainability and continual improvements.

Our company leadership assures a conducive working environment by;

- Consistently meeting customer and applicable regulatory requirements
- People engagement and empowerment at each level
- Risk based thinking
- Evidence based decision making
- Reviewing Quality Policy & Quality Objectives annually
- Continual Improvement
- Mutually beneficial relation management with all interested parties to ensure their satisfaction

In everything we do.”
